## **SPECIAL NOTICE NO. 1**

The bidder's attention is directed to the section entitled, "Subcontractor List" in Section 2 and the section entitled, "Control of Work" in Section 5 of the Special Provisions regarding the requirement that proposed subcontractors be listed in the bidder's proposal. Instead of listing only subcontractors for signal and lighting work as in the past, all subcontractors are now to be listed in the bid proposal for items of work or portions thereof to be subcontracted in excess of one-half of one percent of the total bid or \$10,000, whichever is greater.

In the case where a bidder claims an inadvertent clerical error in listing subcontractors, a notice of the claim must be submitted to the Director of Public Works in writing within two working days after the time of the bid opening, and copies sent to the subcontractors involved. See Sections 2 and 3 for contractor's registration requirements.

See Section 2 for submittal requirements for DBE quotes, DVBE quotes, and Non-Small Business Subcontractor Preference.

The schedules for the submittal of DBE forms have been revised. See Section 2-1.33 for the submittal schedules.

## **SPECIAL NOTICE NO. 3**

Pursuant to the requirements of Senate Bill 854 and California Labor Code section 1725.5, all contractors and subcontractors that wish to engage in public work through a public works contract must first register with the Department of Industrial Relations and pay all applicable fees.

Beginning March 1, 2015, no contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations, pursuant to Labor Code section 1725.5 (with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)).

Beginning April 1, 2015, no contractor or subcontractor may be awarded a contract for public work on a public works project unless registered with the Department of Industrial Relations, pursuant to Labor Code section 1725.5.

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

For more information concerning Senate Bill 854 compliance, please visit: <http://www.dir.ca.gov/Public-Works/SB854.html>.

## **SPECIAL NOTICE NO. 3 (continued)**

### **NEW PUBLIC WORKS CONTRACTOR REGISTRATION LAW [SB 854] FACT SHEET**

SB 854, a budget trailer bill that was signed into law on June 20, 2014, and became effective immediately, made several significant changes to laws pertaining to the administration and enforcement of prevailing wage requirements by the Department of Industrial Relations (DIR). Among other things, SB 854 established a new public works contractor registration program to replace prior Compliance Monitoring Unit (CMU) and Labor Compliance Program (LCP) requirements for bond-funded and other specified public works projects. The fees collected through this new program will be used to fund all of DIR's public works activities, including compliance monitoring and enforcement, the determination of prevailing wage rates, public works coverage determinations, and hearing enforcement appeals.

#### Essentials of public works contractor registration program:

- Contractors will be subject to a registration and annual renewal fee that has been set initially at \$300. The fee is non-refundable and applies to all contractors and subcontractors who intend to bid or perform work on public works projects (as defined under the Labor Code).
- Contractors will apply and pay the fee online and must meet minimum qualifications to be registered as eligible to bid and work on public works projects:

- Must have workers' compensation coverage for any employees and only use subcontractors who are registered public works contractors.
- Must have Contractors State License Board license if applicable to trade.
- Must have no delinquent unpaid wage or penalty assessments owed to any employee or enforcement agency.
- Must not be under federal or state debarment.
- Must not be in prior violation of this registration requirement once it becomes effective. However, for the first violation in a 12 month period, a contractor may still qualify for registration by paying an additional penalty.
- The registration fee is not related to any project. It is more like a license that enables the registrant to bid on and perform public works.

*DIR Public Works Funding Legislation – SB 854 June 30, 2014*  
*FACT SHEET – page 1*

DIR will post a list of registered contractors and subcontractors on its website so that awarding bodies and contractors will be able to comply with requirements to only use registered contractors and subcontractors.

- Various protections are built in so that
  - A contractor won't be in violation for working on a private job that is later determined to be public work;
  - The inadvertent listing of an unregistered subcontractor on a bid won't necessarily invalidate that bid;
  - A contract with an unregistered contractor or subcontractor is subject to cancellation but is not void as to past work;
  - An unregistered contractor or subcontractor can be replaced with one who is registered;
  - A contractor whose registration lapses will have a 90 day grace period within which to pay a late fee and renew.
- Registrations will begin after July 1, 2014, once the registration system is ready to go online. The preferred method of payment will be by credit card.
- The requirement to list only registered contractors and subcontractors on bids becomes effective on March 1, 2015. The requirement to only use registered contractors and

subcontractors on public works projects applies to all projects awarded on or after April 1, 2015.

Essentials of Public Works Enforcement Fund:

All contractor registration fees will go into the State Public Works Enforcement Fund and be used to fund the following items --

- administration of contractor registration requirement
- all DIR costs for administering and enforcing public works laws
- Labor Commissioner's enforcement of other Labor Code violations on monitored public works projects.

DIR will no longer charge awarding bodies for prevailing wage compliance monitoring and enforcement by the CMU. (*Note: DIR will continue to bill and collect fees from awarding agencies for CMU services provided through June 20, 2014.*)

*DIR Public Works Funding Legislation – SB 854 June 30, 2014*  
*FACT SHEET – page 2*

Related changes in DIR's administration and enforcement of public works requirements:

- Requirements to use CMU or specified alternative (labor compliance program or project labor agreement) for state bond-funded and other specified projects have been eliminated and replaced by requirements that apply to all public works projects (as defined under the Labor Code).
- Awarding bodies are *now* required to submit PWC-100 (contract award notice) for all public works projects. (*This requirement previously applied to about 90% of all projects.*)
- Contractors and subcontractors on *all* public works projects will be required to submit certified payroll records (CPRs) to the Labor Commissioner unless excused from this requirement.
  - This requirement will be phased in as follows:
    - Applies immediately to public works projects that have already been under CMU monitoring, *i.e.* contractors on ongoing projects that have been submitting CPRs to the CMU will continue doing so
    - Will apply to any new projects awarded on or after April 1, 2015
    - May apply to other projects as determined by Labor Commissioner
    - Will apply to all public works projects, new or ongoing, on and after January 1, 2016
  - The Labor Commissioner may make exception to this requirement for
    - Projects covered by qualifying project labor agreement
    - Projects undertaken by one of four remaining awarding bodies with legacy LCPs (Caltrans, City of Los Angeles, County of Sacramento, and Los Angeles Unified School District), so long as those LCPs remain approved by DIR
  - CPRs will be furnished online (as is done currently for CMU). DIR intends to continue making improvements to this process, including creating a means for general contractors to have online access to the CPRs submitted by their subcontractors.
- Requirements for awarding bodies to adopt and enforce a DIR-approved LCP are now limited to: (1) public works projects awarded prior to January 1, 2012 that were under a preexisting LCP requirement; and (2) projects funded in whole or in part by Proposition 84.

## **SPECIAL NOTICE NO. 4**

- See sections 2 and 3 for contractors' registration requirements.
- Add following note to the General Notes of the Project Plans: “The contractor shall be responsible for any survey monuments, corner accessories and/or benchmarks within the limits of the work. All contractors and subcontractors who bid or work on a public works project must register and pay an annual fee to the DIR. An awarding body may NOT accept a bid or enter into a contract for public works from an unregistered contractor.

Complete the forms in the *Bid Book*. Submit the forms with your bid.

Do not fax forms, except for the copies of forms with the public works contractor registration number submitted after the time of bid. Fax these copies to (442) 265-1858, Attention Adolfo Garcia, Construction Coordinator.

Any bid will be deemed nonresponsive if it contains any of the following:

1. Omissions, erasures, alterations, or additions of any kind
2. Prices uncalled for
3. Prices that are obviously unbalanced
4. Fails to conform to the conditions of the published Advertisement for Bid in any manner.

### 3 CONTRACT AWARD AND EXECUTION

**Add to section 3-1.02A:**

All bids will be compared on the basis of the engineer's estimate of the quantities of work to be done.

I am aware local material from a noncommercial source or a source not regulated under CA jurisdiction must be sampled and analyzed for pH and lead and may require sampling and analysis under section 6-1.03B(3) for other constituents of concern based on the land use history. I am aware that local material sources must not contain ADL at concentrations greater than 80 mg/kg total lead or equal to or greater than 5 mg/L soluble lead as determined by the Waste Extraction Test (WET) Procedures, 22 CA Code of Regs § 66261.24(a)(2) App II. I am aware that a maximum quantity of material may be excavated at the site based on the minimum number of samples taken before excavating at the site under section 6-1.03B (3).

2. Land use history of the local material location and surrounding property
3. Sampling protocol
4. Number of samples per volume of local material
5. QA and QC requirements and procedures
6. Qualifications of sampling personnel
7. Stockpile history
8. Name and address of the analytical laboratory that will perform the chemical analyses
9. Analyses that will be performed for lead and pH
10. Other analyses that will be performed for possible hazardous constituents based on:
  - 10.1. Source property history
  - 10.2. Land use adjacent to source property
  - 10.3. Constituents of concern in the ground water basin where the job site is located

The plan must be sealed and signed by an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State.

If the plan requires revisions, the Engineer provides comments. Submit a revised plan within 7 days of receiving comments. Allow 7 days for the review.

##### **6-1.03B(2) Analytical Test Results**

At least 15 days before placing local material, submit analytical test results for each local material obtained from a noncommercial source or a source not regulated under CA jurisdiction. The analytical test results must include:

1. Certification signed by an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State stating:

The analytical testing described in the local material plan has been performed. I performed a statistical analysis of the test results using the US EPA's ProUCL software with the applicable 95 percent upper confidence limit. I certify that the material from the local material source is suitable for unrestricted use at the job site, it has a pH above 5.0, does not contain soluble lead in concentrations equal to or greater than 5mg/l as determined by the Waste Extraction Test (WET) Procedures, 22 CA Code of Regs § 66261.24(a)(2) App II, does not contain lead in concentrations above 80 mg/kg total lead, is free from all other contaminants identified in the local material plan, and will comply with the job site's basin plan and water quality objectives of the RWQCB.

2. Chain of custody of samples
3. Analytical results no older than 1 year
4. Statistical analysis of the data using US EPA's ProUCL software with a 95 percent upper confidence limit
5. Comparison of sample results to hazardous waste concentration thresholds and the RWQCB's basin plan requirements and water quality objectives for the job site location

#### **6-1.03B(3) Sample and Analysis**

Sample and analyze local material from a (1) noncommercial source or (2) source not regulated under CA jurisdiction:

1. Before bringing the local material to the job site
2. As described in the local material plan
3. Under US EPA Test Methods for Evaluating Solid Waste, Physical/Chemical Methods (SW-846)

The sample collection must be designed to generate a data set representative of the entire volume of proposed local material.

Before excavating at the (1) noncommercial material source or (2) a source not regulated under CA jurisdiction, collect the minimum number of samples and perform the minimum number of analytical tests for the corresponding maximum volume of local material as shown in the following table:

**Minimum Number of Samples and Analytical Tests for Local Material**

Maximum volume of imported borrow (cu yd)	Minimum number of samples and analytical tests
< 5,000	8
5,000–10,000	12 for the first 5,000 cu yd plus 1 for each additional 1,000 cu yd or portion thereof
10,000–20,000	17 for the first 10,000 cu yd plus 1 for each additional 2,500 cu yd or portion thereof
20,000–40,000	21 for the first 20,000 cu yd plus 1 for each additional 5,000 cu yd or portion thereof
40,000–80,000	25 for the first 40,000 cu yd plus 1 for each additional 10,000 cu yd or portion thereof
> 80,000	29 for the first 80,000 cu yd plus 1 for each additional 20,000 cu yd or portion thereof

Do not collect composite samples or mix individual samples to form a composite sample.

Analyze the samples using the US EPA's ProUCL software with a 95 percent upper confidence limit. All chemical analysis must be performed by a laboratory certified by the SWRCB's Environmental Laboratory Accreditation Program (ELAP).

The analytical test results must demonstrate that the local material:

1. Is not a hazardous waste
2. Has a pH above 5.0
3. Has an average total lead concentration, based upon the 95 percent upper confidence limit, at or below 80 mg/kg
4. Is free of possible contaminants identified in the local material plan
5. Complies with the RWQCB's basin plan for the job site location
6. Complies with the RWQCB's water quality objectives for the job site location

### **6-1.03C Local Material Management**

Do not place local material until authorized.

If the Engineer determines the appearance, odor, or texture of any delivered local material suggests possible contamination, sample and analyze the material. The sampling and analysis is change order work unless (1) hazardous waste is discovered or (2) the analytical test results indicate the material does not comply with section 6-1.03B(3).

Dispose of noncompliant local material at an appropriately permitted CA Class I, CA Class II or CA Class III facility. You are the generator of noncompliant local material.

## **7 LEGAL RELATIONS AND RESPONSIBILITY TO THE PUBLIC**

### **Add after the 1st sentence of the 1st paragraph of section 7-1.02A:**

This requirement includes, but is not limited to, applicable regulations concerning employment of labor, protection of public and employee safety and health, environmental protection, the protection of natural resources, fire protection, burning and non-burning requirements, permits, fees, and similar subjects.

### **Replace the 2nd paragraph of section 7-1.02K(2) with:**

The general prevailing wage rates determined by the Director of Industrial Relations, for the county or counties in which the work is to be done, are available at the Department of Industrial Relations' website and the County of Imperial office. These wage rates are not included in the Contract Documents. Changes in general prevailing wage determinations apply to the Contract when the Director of Industrial Relations has issued them at least 10 days before advertisement (Labor Code § 1773.6 and 8 CA Code of Regs 16204).

### **Add to section 7-1.02K(2):**

All labor will be paid at not less than the minimum wage rates established by the State of California's Director of Industrial Relations (State Wage Rates).

### **Replace the 6th paragraph of section 7-1.02K(3) with:**

Submit certified payroll and your signed contractor's acknowledgement to the Engineer.

### **Delete the 7th through 10th paragraphs of section 7-1.02K(3).**

### **Replace section 7-1.02K(6)(j)(ii) with:**

**Section 7-1.02K(6)(j)(ii) applies if a bid item for a lead compliance plan is shown on the Bid Item List.**

Regulations containing specific Cal/OSHA requirements when working with lead include 8 CA Code of Regs § 1532.1.

Submit a plan:

1. That documents your compliance program to prevent or minimize worker exposure to lead
2. Including the items listed in 8 CA Code of Regs § 1532.1(e)(2)(B)
3. Sealed and signed by a CIH with knowledge of and experience complying with 8 CA Code of Regs

Allow 7 days for review. Obtain authorization for the plan before starting any activity that presents the potential for lead exposure.

Before starting any activity that presents the potential for lead exposure to employees who have no prior training, including County employees, provide a safety training program to these employees that complies with 8 CA Code of Regs § 1532.1 and your lead compliance plan.

Submit copies of air monitoring or job site inspection reports made by or under the direction of the CIH under 8 CA Code of Regs § 1532.1 within 10 days after the date of monitoring or inspection.

Supply personal protective equipment, training, and washing facilities required by your lead compliance plan for 5 County employees.

### **Payment**

Full compensation for preparation of a Lead Compliance Plan shall be considered as included in the contract price paid per lump sum for “Lead Compliance Plan” and no separate or additional payment shall be considered therefor.

### **Replace *Reserved* in the RSS for section 7-1.02K(6)(j)(iii) with:**

Section 7-1.02K(6)(j)(iii) includes specifications for handling, removing, and disposing of unregulated earth material containing lead. Management of this material exposes workers to health hazards that must be addressed in your lead compliance plan. This material contains average lead concentrations below 80 mg/kg total lead and below 5 mg/L soluble lead and is not regulated by DTSC as a hazardous substance or a hazardous waste. This material does not require disposal at a permitted landfill or solid waste disposal facility. The RWQCB has jurisdiction over reuse of this material at locations outside the job site limits.

Unregulated earth material exists throughout the job site.

Lead is typically found within the top 2 feet of material within the highway. Reuse all of the excavated material on the right-of-way.

Handle the material under all applicable laws, rules, and regulations, including those of the following agencies:

1. Cal/OSHA
2. CA RWQCB, Region 7 - Colorado River

### **Replace section 7-1.04 with:**

### **PUBLIC SAFETY**

You are responsible to provide for public safety. Do not construct a temporary facility that interferes with the safe passage of traffic. Control dust resulting from the work, inside and outside the Right-of-Way.

Move workers, equipment, and materials without endangering traffic.

Whenever your activities create a condition hazardous to the public, furnish, erect and maintain those fences, temporary railing, barricades, lights, signs, and other devices and take any other necessary protective measures to prevent damage or injury to the public.

Any fences, temporary railing, barricades, lights, signs, or other devices furnished, erected and maintained by you are in addition to those for which payment is provided elsewhere in the specifications.

Provide flaggers whenever necessary to ensure that the public is given safe guidance through the work zone. Flagging must comply with section 12-1 of the Standard Specifications.

At locations where traffic is being routed through construction under one-way controls, move your equipment in compliance with the one-way controls unless otherwise ordered.

Use of signs, lights, flags, or other protective devices must comply with the current edition of the *California MUTCD* and any directions of the Engineer. Signs, lights, flags or other protective devices must not obscure the visibility of, nor conflict in intent, meaning, and function of either existing signs, lights and traffic control devices, or any construction area signs.

Keep existing traffic signals and highway lighting in operation. Other forces within the County will perform routine maintenance of these facilities during the work.

Cover signs that direct traffic to a closed area. Except for work specified in Section 12 of the Standard Specifications, maintaining, and removing the covers on construction area signs is change order work.

Install temporary illumination such that the illumination and the illumination equipment do not interfere with public safety. The installation of general roadway illumination does not relieve you from furnishing and maintaining any protective devices.

All movements of workmen and construction equipment on or across lanes open to traffic must be performed in a manner that do not endanger the public. Your vehicles or other mobile equipment leaving an open traffic lane to enter the construction area must slow down gradually in advance of the location of the turnoff to give the traffic following an opportunity to slow down. When leaving a work area and entering a roadway carrying traffic, your vehicles and equipment must yield to traffic.

Immediately remove hauling spillage from a roadway lane or shoulder open to traffic. When hauling on roadways, trim loads and remove material from shelf areas to minimize spillage.

Notify the Engineer not less than 25 days and not more than 125 days before the anticipated start of an activity that will change the vertical or horizontal clearance available to traffic, including shoulders.

If vertical clearance is temporarily reduced to 15.5 feet or less, place low clearance warning signs in compliance with the current edition of the *California MUTCD* and any directions of the Engineer. Signs must comply with the dimensions, color, and legend requirements of the current edition of the *California MUTCD* and section 12-3.11 of the Standard Specifications except that the signs must have black letters and numbers on an orange retroreflective background. W12-2P signs must be illuminated so that the signs are clearly visible.

Pave or provide full width continuous and cleared wood walks for pedestrian openings through falsework. Protect pedestrians from falling objects and concrete-curing water. Extend overhead protection for pedestrians at least 4 feet beyond the edge of the bridge deck. Illuminate all pedestrian openings through falsework. Temporary pedestrian facilities must comply with the *California MUTCD*, Part 6, Chapter 6D, "Pedestrian and Worker Safety."

Do not store vehicles, material, or equipment in a way that:

1. Creates a hazard to the public
2. Obstructs traffic control devices

Do not install or place temporary facilities used to perform the work which interfere with the free and safe passage of traffic.

Shop drawings and supplemental calculations must be sealed and signed by an engineer who is registered as a civil engineer in the State.

If you appear to be neglectful or negligent in furnishing warning devices and taking protective measures, the Engineer may direct your attention to the existence of a hazard. You must furnish and install the necessary warning devices. If the Engineer points out the inadequacy of warning devices and protective measures, that action on the part of the Engineer does not relieve you from your responsibility for public safety or abrogate your obligation to furnish and pay for these devices and measures.

Install Type K temporary railing or other authorized protective systems under any of the following conditions:

1. Excavations: Where the near edge of the excavation is within 15 feet from the edge of an open traffic lane
2. Temporarily unprotected permanent obstacles: When the work includes the installation of a fixed obstacle together with a protective system, such as a sign structure together with protective railing, and you elect to install the obstacle before installing the protective system; or you, for your convenience and as authorized, remove a portion of an existing protective railing at an obstacle and do not replace such railing completely the same day
3. Storage areas: When material or equipment is stored within 15 feet of the edge of an open traffic lane and the storage is not otherwise prohibited by the Contract
4. Height differentials: When construction operations create a height differential greater than 0.15 feet within 15 feet of the edge of traffic lane.

Installation of Type K temporary railing is not required if an excavation within 15 feet from the edge of an open traffic lane is protected by any of the following:

1. Steel plate or concrete covers of adequate thickness to prevent accidental entry by traffic or the public
2. Side slope where the downhill slope is 4:1 (horizontal:vertical) or less unless a naturally occurring condition
3. Barrier or railing

Offset the approach end of Type K temporary railing a minimum of 15 feet from the edge of an open traffic lane. Install the temporary railing on a skew toward the edge of the traffic lane of not more than 1 foot transversely to 10 feet longitudinally with respect to the edge of the traffic lane. If the 15-foot minimum offset cannot be achieved, the temporary railing must be installed on the 10 to 1 skew to obtain the maximum available offset between the approach end of the railing and the edge of the traffic lane, and an array of temporary crash cushion modules must be installed at the approach end of the temporary railing.

Secure Type K temporary railing in place before starting work for which the temporary railing is required.

If a traffic lane is closed with channelizers for excavation work, move the devices to the adjacent edge of the traveled way when not excavating. Space the devices as specified for the closure.

Do not move or temporarily suspend anything over a traffic lane open to the public unless the public is protected.

Full compensation for conforming to the provisions in this section "Public Safety," including furnishing and installing temporary railing (Type K) and temporary crash cushion modules, shall be considered as included in the contract prices paid per Lump Sum for Temporary Traffic Control and no additional compensation will be allowed therefore.

**Add before the 1st paragraph of section 7-1.05A:**

## **INDEMNIFICATION**

You must indemnify and hold harmless the County, its agents, officers, and employees, against and from any and all claims, lawsuits, actions, liability, damages, losses, expenses, costs, and actual attorney's fees, arising out of or in connection with your performance of this Contract for (1) injuries to or death of any person or persons, including your employees, and (2) injuries to or destruction of property, including the loss of use, provided that any such claim, lawsuit, action, liability, damage, loss, expense, or cost is caused in whole or in part by any negligent or intentional act or omission from you, your subcontractor, anyone directly or indirectly employed by you, or anyone for whose acts any of them may be liable, regardless of whether or not it is caused by the passive negligence of a party indemnified hereunder.

For purposes of your obligation to defend, indemnify, and save harmless, the term State means (1) the County of Imperial, and (2) LC Engineering Consultants, Inc., including their officers, directors, employees, agents, and design professionals.

Your obligations under section 7 will survive the termination of the agreement.

### **Replace section 7-1.06 with:**

#### **7-1.06 INSURANCE**

##### **7-1.06A General**

Nothing in the Contract is intended to establish a standard of care owed to any member of the public or to extend to the public the status of a third-party beneficiary for any of these insurance specifications.

You shall carry Public Liability and Property Damage Liability Insurance as well as Automobile Liability Insurance at all times when work is being performed. Before beginning work, provide the Engineer a Certificate of Insurance detailing the insurance amounts, to be reviewed and approved by the County.

##### **7-1.06B Liability Insurance**

###### **7-1.06B(1) General**

Carry General Liability and Umbrella or Excess Liability Insurance covering all operations by or on behalf of you providing insurance for bodily injury liability and property damage liability for the following limits and including coverage for:

1. Premises, operations and mobile equipment
2. Products and completed operations
3. Broad form property damage (including completed operations)
4. Explosion, collapse, and underground hazards
5. Personal injury
6. Contractual liability

Obtain insurance and submit all certificates of insurance to the County for acceptance before starting work. The certificates of insurance must contain a provision that coverage afforded under the policies will not be cancelled until at least 30 days prior written notice has been given to the County, or 10 days' notice if cancellation is due to nonpayment of premium.

Do not allow any subcontractor to commence work until the insurance required of the subcontractor has been obtained.

Any violation of the requirements of section 7 constitutes a material breach of the entire agreement.

Certificates evidencing the issuance of insurance as listed in section 7-1.06B(2) must be filed with the County within 10 days after the date of execution of this agreement by you and before the start of work.

#### **7-1.06B(2) Liability Limits**

##### **7-1.06B(2)(i) Workers' Compensation Insurance and Employer's Liability Insurance**

You and your subcontractors must obtain and maintain for all employees engaged in the work. Provide Employer's Liability Insurance in amounts not less than \$1,000,000 per occurrence.

##### **7-1.06B(2)(ii) Commercial General Liability (Form CG 20 10 11 85)**

You must obtain and maintain for yourself and all your employees, during the course of this agreement, Commercial General Liability Insurance (Occurrence Form CG 0001) for bodily injury and property damage

in an amount of not less than \$5,000,000 combined single limit coverage per occurrence and if the policy includes an aggregate limit, the aggregate limit must be at least \$10,000,000 for the following coverage:

1. Personal injury
2. Broad form property damage
3. Explosion, collapse, and underground hazards
4. Premises, operations, and mobile equipment
5. Products and completed operations
6. Blanket contractual liability

##### **7-1.06B(2)(iii) Automobile Liability Insurance**

Carry Comprehensive Automobile Liability Insurance, both bodily injury and property damage, on owned, hired, leased and non-owned automobiles used in connection with your business in an amount not less than \$1,000,000 combined single-limit coverage per occurrence.

#### **7-1.06C Subcontractors**

You must include all subcontractors as insured under the policies or furnish separate certificates and endorsements to the County for approval for each subcontractor. All insurance coverage for subcontractors is subject to each of the requirements in section 7 and must contain the additional insured endorsements required of you described under section 7.

#### **7-1.06D Additional Insured Endorsement**

The Commercial General Liability and Automobile Liability Insurance must each contain, or be endorsed to contain, the following provision:

The County, its officers, officials, employees, designated agents, and appointed volunteers must be named as additional insureds and must be added in the form of an endorsement to your insurance on Form CG 20 10 11 85. You must not commence work under this agreement until Form CG 20 10 11 85 is delivered to the County. This provision is not intended to extend to construction contractors contracted by the County to perform the work of improvement.

Coverage must not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under subdivision (b) of California Civil Code Section 2782.

#### **7-1.06E Other Insurance Provisions**

For any claims related to the work performed under this agreement, your insurance coverage must be primary insurance as to the County, its officers, officials, employees, designated agents and appointed volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, designated agents or appointed volunteers must be in excess of your insurance and must not contribute with it.

Any deductibles or self-insured retentions must be declared to and approved by the County. At the option of the County, either you must reduce or eliminate such deductibles or self-insurance retentions as they apply to the County or you must provide a financial guarantee satisfactory to the County guaranteeing payment of losses and related investigations, claim administration, and defense and defense-related expenses.

Insurance coverage required of you under this agreement must be placed with insurers with a current A.M. Best rating of no less than A:VII.

Insurance coverage in the minimum amounts must not be construed to relieve you for liability in excess of such coverage, nor will it preclude the County from taking other action as is available to it under any other provision of this agreement or applicable law. Failure of the County to enforce in a timely manner any of the provisions of section 7 will not act as a waiver to enforcement of any of these provisions at a later date.

If any insurance coverage required by this agreement is provide on a "Claims Made", rather than "occurrence" form, you agree to maintain required coverage for a period of three years after the expiration of this agreement (Post Agreement Coverage) and any extensions. You must maintain the required Post Agreement Coverage by renewal or purchase of prior acts or tail coverage. This sub-provision is contingent upon the Post Agreement Coverage being both available and reasonably affordable in relation to the coverage provided during the term of this agreement. For purposes of interpreting this requirement, a cost not exceeding 100% of the last annual policy premium during the term of this agreement in order to purchase prior acts or tail coverage for Post Agreement Coverage must be deemed to be reasonable.

You agree to waive all rights of subrogation against the County, its officers, officials, employees, agents, and volunteers for losses arising from work performed by you under this agreement.

The County will include a provision in its Contract with the general contractor hired to perform the work of improvements requiring that the general contractor and all of its subcontractors maintain general liability insurance of not less than \$1,000,000 and that such insurance include the County, its officers, officials, employees, designated agents and appointed volunteers as additional insureds.

## **9 PAYMENT**

### **Add to section 9-1.03:**

#### **PROMPT PAYMENT OF WITHHELD FUNDS TO SUBCONTRACTORS**

The agency shall hold retainage from the prime contractor and shall make prompt and regular incremental acceptances of portions, as determined by the agency, of the contract work, and pay retainage to the prime contractor based on these acceptances. The prime contractor, or subcontractor, shall return all monies withheld in retention from a subcontractor within 30 days after receiving payment for work satisfactorily completed and accepted including incremental acceptances of portions of the contract work by the agency. Federal law (49CFR26.29) requires that any delay or postponement of payment over 30 days may take place only for good cause and with the agency's prior written approval. Any violation of this provision shall subject the violating prime contractor or subcontractor to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies otherwise available to the prime contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the prime contractor, deficient subcontract performance, or noncompliance by a subcontractor.

**Replace *Department's* in the 5th paragraph of section 9-1.07A with:**

Caltrans

**Replace section 9-1.11 with:**

**9-1.11 RESERVED**

**Delete item 3 in the list in the 1st paragraph of section 9-1.16A**

**Add to section 9-1.16D:**

Mobilization shall consist of preparatory work and operations including, but not limited to, those necessary for the movement of personnel, equipment, supplies and incidentals to the Project site and removal from the Project site, for all other work and operations that must be performed or costs incurred before beginning work and after end of work on the various Contract items on the Project site.

**9-1.16D(4) PAYMENT**

The contract lump sum price paid for "Mobilization" shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals, and for doing all the work involved in mobilization as specified herein and no additional compensation shall be allowed therefor.

**Add to section 9-1.16E(1):**

The bid amount of the contract items of work is the maximum value the County recognizes for progress payment purposes unless approved change order work increases this amount.

After acceptance of the contract pursuant to the provisions in Section 5-1.46, "Final Inspection and Contract Acceptance," of the Standard Specifications, the amount, if any, payable for a contract item of work in excess of the maximum value for progress payment purposes for the item, will be included for payment in the first estimate made after acceptance of the contract.

No payment will be made for any materials on hand which are furnished but not incorporated in the work.

The final payment of five percent (5%) of the value of work under this contract, if unencumbered, shall be made thirty-five (35) days after acceptance of work by owner.

**Replace the paragraphs of section 9-1.16F with:**

The County will withhold 5 percent of all progress payments as retention. Retention will be paid to you on the Final Payment.

You will have the right to substitute securities for the retention under Public Contract Code § 22300. No substitution will be accepted until:

1. County approves the securities and their value,
2. Parties have entered into an escrow agreement (if the securities are to be held in escrow) in a form substantially similar to that under § 22300,
3. All documentation necessary for assignment of the securities to the County or to the escrow agent are delivered in a form satisfactory to the County.

If you have substituted securities for any of the retention, the County may request that such securities be revalued from time to time, but not more often than monthly. Such revaluation will be made by a person or entity designated by the County and approved by you. If such revaluation results in a determination that the securities have a market value less than the amount of retention for which they were substituted, then the amount of the retention required under the Contract will be increased by such difference in market value. Such increased retention will be withheld from the next progress payment(s) due to you under the Contract.

**Replace the 3rd and 4th paragraphs of section 9-1.17D(3) with:**

The Director of Public Works will make the final determination of any claims which remain in dispute after completion of claim review by the Engineer's authorized representative.

For claims of \$375,000 or less, the County and the Contractor agree to follow and comply with the mediation, arbitration, claim, civil action procedure and trial de novo provisions under California Public Contracts Code § 20104, 20104.2 and 20104.4.

**RESOLUTION OF CLAIMS**

(1) Compliance with all change order procedures is a prerequisite to filing a Public Contract Code Claim pursuant to this Section. Claims must be submitted no later than (a) 30 days after the dispute resolution process set forth in Section 5-14.3 is complete or (b) 30 days after the occurrence of the event giving rise to the claim.

In accordance with the procedures set forth in Public Contract Code Sections 9204 and 20104-20104.6, a Contractor may submit a claim by registered or certified mail with return receipt requested, for one or more of the following: (a) a time extension, including, without limitation, for relief from damages or penalties for delay assessed by the County; (b) payment by the County of money or damages arising from work done by, or on behalf of, the Contractor pursuant to this contract and payment for which is not otherwise expressly provided or to which the Contractor is not otherwise entitled; or (c) payment of an amount that is disputed by the County.

The Contractor shall furnish reasonable documentation to support the claim, including but not limited to: 1) a clear, concise recital of the basis upon which the claim is asserted, including a designation of the provisions of the Contract upon which the claim is based, 2) a statement as to the amount of time and/or

compensation sought pursuant to the claim; 3) whether the Contractor's claim arises from an ongoing occurrence, and if so a description of the specific Work activities affected by the claim, 4) a time impact analysis in the event that Contractor requests a time extension, 5) full and complete cost records supporting the amount of any claim for additional compensation and 6) a notarized certification by the Contractor as follows: "Under the penalty of law for perjury or falsification and with specific reference to the California False Claims Act, Government Code Section 12650 et seq., the undersigned hereby certifies that the information contained herein is a true, accurate and complete statement of all features relating to the claim asserted." Failure by the Contractor to provide sufficient documentation will result in denial of the claim. The County reserves the right to request additional documentation, or clarification of the documentation provided.

Upon receipt of a claim, the County will conduct a reasonable review and provide a written statement to the Contractor identifying what portion of the claim is disputed and what portion is undisputed within 45 days of receipt of the claim. The County and Contractor may, by mutual agreement, extend the 45 day time period. For any undisputed portion of a claim, the County must make payment within 60 days of its issuance of the written statement.

Construction/Material Budget: Prior to a grading permit, the permittee will provide the County Executive Office with a construction materials budget, an official construction materials budget, or a detailed budget outlining the construction and materials cost for the processing facility on permittee letterhead.

County of Imperial will require that all qualifying contractors and subcontractors exercise their option to obtain a California Department of Tax and Fee Administration (CDTFA) sub-permit for the jobsite and allocate all eligible use tax payments to Imperial County and LTA.

Prior to commencement of any construction activity at the Project Site, County of Imperial shall require that the contractor or subcontractor provide County with a copy of their CDTFA account number and sub-permit. County of Imperial shall either cause its construction contractor to treat the Project in accordance with California Sales and Use Tax Regulation 1521(b)(2)(B), California Sales and Use Tax Regulation 1521(c)(13)(B), and California Sales and Use Tax Regulation 1826(b) for sales and use tax purposes, or form a "Buying Company" as defined in the California Sales and Use Tax Regulation 1699(h). County of Imperial may adopt an alternate methodology to accomplish this goal if such methodology is approved by the County's Executive Officer, which approval shall not be unreasonably withheld or delayed, prior to issuance of any building permit.

No later than forty-five (45) days after the due date for filing sales and use tax returns for each calendar quarter, occurring after the commencement of any construction activity on-site through and including the first anniversary of commercial operating date ("COD"), Contractor shall report to County of Imperial, the total amount of sales and use taxes related to the Project that are allocated to the County, and reported on County of Imperial's, general contractor's and subcontractors' applicable California sales and use tax returns.

Guarantee Amounts. Prior to the issuance of any building permit for the Project, Contractor shall provide County with a guarantee of the minimum sales and use taxes (based on a total construction and materials budget for the Project) that will be received by County and LTA under existing applicable sales and use tax laws. Contractor warrants that the sales/use tax guarantee amounts to be provided to County as mandated in this paragraph shall be true and accurate estimates of the projected sales and use taxes that will be generated for this Project.

Contractor shall provide County with evidence of the projected sales/use taxes for the Project, including but not limited to sales tax receipts, and executed or anticipated engineering contracts, procurement contracts, and construction contracts. If the Parties are unable to agree upon a guarantee amount, then the dispute shall be referred to an independent accountant mutually acceptable to both Parties. The costs for such nonbinding mediation shall be borne by Contractor. Contractor warrants that the sales/use tax guarantee amounts to be provided to County as mandated in this paragraph will incorporate any and all sales/use tax exemptions that Contractor and/or its subcontractors intend to utilize, and that such exemptions will be disclosed to County fully and in good faith prior to the issuance of any building permit for this Project. Contractor understands and acknowledges that the sales/use tax guarantee

amounts to be provided to County as mandated by this paragraph are a part of the consideration to be received by County in return for entering into this Agreement, and further understands and acknowledges

that County would not enter into this Agreement but for said guarantee from Contractor. In the event that County and / or LTA receives less than the amount of sales / use taxes guaranteed pursuant to this paragraph, then Contractor shall pay, as and when provided below, to County or LTA as applicable, the amount of the applicable shortfall.

#### Adjustments to Guarantee Amounts.

To the extent of any reduction in the size of the Project as the result of any final ruling, stipulated judgment, or settlement, the sales / use tax guarantee amounts mandated under paragraph D shall be reduced pro rata based on the size of such reduction. To the extent of any reduction in the size of the Project as the result of any final ruling, stipulated judgment, or settlement, in accordance with Section V.C below, the not-to-exceed amounts set forth in Section III.B shall be reduced pro rata based on the size of such reduction.

Payments to County and LTA as a result of a shortfall shall be due within thirty days of County of Imperial's receipt of written notice of shortfall from the County. Payments received by County after the ninetieth (90<sup>th</sup>) day following County of Imperial's receipt of notice shall be deemed late. County of Imperial hereby agrees to pay interest at the rate of six percent (6%) per annum of the payment due for any payment received by County beyond the due date. Said interest shall be included with the late payment. The obligation to pay interest shall be stayed when such amounts are disputed in good faith, so long as Contractor submits the payments "under written protest." Upon determination of dispute, such interest may be assessed if it is determined that the dispute was not made in good faith.

The work for which this proposal is submitted is for construction in conformance with the special provisions (including the payment of not less than the State general prevailing wage rates or Federal minimum wage rates), the project plans described below, including any addenda thereto, the contract annexed hereto, and also in conformance with the 2024 California Department of Transportation Standard Plans, Standard Specifications, and the Labor Surcharge and Equipment Rental Rates in effect on the date the work is accomplished.

The special provisions for the work to be done are dated July 1, 2025 and are entitled:

**COUNTY OF IMPERIAL  
DEPARTMENT OF PUBLIC WORKS**

**NOTICE TO BIDDERS  
SPECIAL PROVISIONS, PROPOSAL AND BID BOOK FOR**

**ROAD REHABILITATION PROJECT FOR VARIOUS COUNTY ROADS AT GATEWAY OF THE  
AMERICAS, COUNTY PROJECT NO. 6622GTW**

The project plans for the work to be done were approved: at June 2, 2025 and are entitled:

**ROAD REHABILITATION PROJECT FOR VARIOUS COUNTY ROADS AT GATEWAY OF THE  
AMERICAS, COUNTY PROJECT NO. 6622GTW**

Bids are to be submitted for the entire work. The amount of the bid for comparison purposes will be the total of all items.

The bidder shall set forth for each unit basis item of work an item price and a total for the item, and for each lump sum item a total for the item, all in clearly legible figures in the respective spaces provided for this purpose. In the case of

unit basis items the amount set forth under the "Total" column shall be the extension of the item price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for a unit basis item, the item price shall prevail, provided in (a) or (b), as follows:

- (a) If the amount set forth as a unit price is unreadable or otherwise unclear, or is omitted, or is the same as the amount of the entry in the item total column, then the amount set forth in the item total column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price;
- (b) (Decimal Errors) If the product of the entered unit price and the estimated quantity is exactly off by a factor of ten, one hundred, etc., or one-tenth, or one-hundredth, etc. from the entered total, the discrepancy will be resolved by using the entered unit price or item total, whichever most closely approximates percentage-wise the unit price or item total in the County of Imperial's Final Estimate of cost.

If both the unit price and the item total are unreadable or otherwise unclear, or are omitted, the bid may be deemed irregular. Likewise if the item total for a lump sum item is unreadable or otherwise unclear, or is omitted, the bid may be deemed irregular unless the project being bid has only a single item and a clear, readable total bid is provided.

Symbols such as commas and dollar signs will be ignored and have no mathematical significance in establishing any unit price or item total or lump sums. Written unit prices, item totals and lump sums will be interpreted according to the number of digits and, if applicable, decimal placement. Cents symbols also have no significance in establishing any unit price or item total since all figures are assumed to be expressed in dollars and/or decimal fractions of a dollar. Bids on lump sum items shall be item totals only; if any unit price for a lump sum item is included in a bid and it differs from the item total, the items total shall prevail.

The foregoing provisions for the resolution of specific irregularities cannot be so comprehensive as to cover every omission, inconsistency, error or other irregularity which may occur in a bid. Any situation not specifically provided for will be determined in the discretion of the County of Imperial, and that discretion will be exercised in the manner deemed by the County of Imperial to best protect the public interest in the prompt and economical completion of the work. The decision of the County of Imperial respecting the amount of a bid, or the existence or treatment of an irregularity in a bid, shall be final.

If this proposal shall be accepted and the undersigned shall fail to enter into the contract and furnish the 2 bonds in the sums required by the State Contract Act, with surety satisfactory to the *County of Imperial*, within 8 days, not including Saturdays, Sundays and legal holidays, after the bidder has received notice from the *County of Imperial* that the contract has been awarded, the *County of Imperial* may, at its option, determine that the bidder has abandoned the contract, and thereupon this proposal and the acceptance thereof shall be null and void and the forfeiture of the security accompanying this proposal shall operate and the same shall be the property of the *County of Imperial*.

The undersigned, as bidder, declares that the only persons or parties interested in this proposal as principals are those named herein; that this proposal is made without collusion with any other person, firm, or corporation; that he has carefully examined the location of the proposed work, the annexed proposed form of contract, and the plans therein referred to; and he proposes, and agrees if this proposal is accepted, that he will contract with the *County of Imperial*, in the form of the copy of the contract annexed hereto, to provide all necessary machinery, tools, apparatus and other means of construction, and to do all the work and furnish all the materials specified in the contract, in the manner and time therein prescribed, and according to the requirements of the Engineer as therein set forth, and that he will take in full payment therefore the following prices, to wit:

18 utility companies, or are otherwise required to comply with any codes, laws, rules or  
19 regulations, including those set forth in this Agreement, then CONTRACTOR shall not be  
20 entitled to any increases in the compensation set forth in this Agreement or other  
21 compensation as a result of the changes.

22 **5.3.** Disputed Change Order Work. Any dispute concerning the performance of such Change  
23 Order Work or the amount of compensation to be paid to CONTRACTOR by COUNTY  
24 shall not affect CONTRACTOR's obligation to perform such Change Order Work.  
25 CONTRACTOR agrees that it shall timely complete all Change Order Work even if there  
26 shall be a dispute between CONTRACTOR and COUNTY over the amount or scope of the  
27 Change Order Work. CONTRACTOR shall have the right to be compensated for any  
28 undisputed Change Order Work amounts as determined to be undisputed in COUNTY's

1 sole discretion.

2 **5.4. Authorized Representative.** No Change Order shall be valid or binding against COUNTY  
3 unless such Change Order has been executed by COUNTY's designated representative, who  
4 is the Director of Public Works. COUNTY shall notify CONTRACTOR in writing if the  
5 designated representative is changed.

6 **5.5. Limits.** When applicable, the authority to execute a Change Order on this Project shall not  
7 exceed the amount allowed by law pursuant to Public Contract Code sections 20137-20142  
8 et seq. Where Change Orders are in an amount between ten percent (10%) and twenty-five  
9 percent (25%) of the amount set forth in this Agreement and based on a need for additional  
10 quantities due to an increase in the unit quantities required to complete the project in excess  
11 of the COUNTY's Engineer's estimate of unit quantities as set forth in the Invitation to Bid,  
12 CONTRACTOR shall be paid pursuant to Public Contract Code sections 20143 and 20139  
13 and section 4 of the Standard Specifications, State of California, Business, Transportation  
14 and Housing Agency, May 2006 Issued by the Department of Transportation ("Caltrans  
15 Standard Specifications") referred to in **Exhibit "A"** and incorporated herein by reference.

16 **6. REPRESENTATIONS BY CONTRACTOR.**

17 **6.1.** CONTRACTOR understands and agrees that COUNTY has limited knowledge in the  
18 construction specified in the description of work. CONTRACTOR has represented itself to  
19 be expert in these fields and understands that COUNTY is relying upon such representation.

20 **6.2.** CONTRACTOR represents and warrants that it is a lawful entity possessing all required  
21 licenses and authorities to do business in the State of California and perform all aspects  
22 of this Agreement.

23 **6.3.** CONTRACTOR shall not commence any work under this Agreement or provide any  
24 other services, or materials, in connection therewith until CONTRACTOR has received  
25 written authorization from the Director of Public Works, or his/her designee ("Notice to  
26 Proceed") to do so.

27 **6.4.** CONTRACTOR represents and warrants that the people executing this Agreement on  
28 behalf of CONTRACTOR have the authority of CONTRACTOR to sign this Agreement

1 and bind CONTRACTOR to the performance of all duties and obligations assumed by  
2 CONTRACTOR herein.

3 **6.5.** CONTRACTOR represents and warrants that any employee, contractor, subcontractor and  
4 agent who will be performing any of the duties and obligations of CONTRACTOR herein  
5 possess all required licenses and authorities, as well as the experience and training, to  
6 perform such tasks.

7 **6.6.** CONTRACTOR represents and warrants that the allegations contained in its Proposal are  
8 true and correct.

9 **6.7.** CONTRACTOR understands that COUNTY considers the representations made herein  
10 to be material and would not enter into this Agreement with CONTRACTOR if such  
11 representations were not made.

12 **6.8.** Retention and Access of Books and Records. CONTRACTOR represents and warrants  
13 that it shall maintain books, records, documents, reports and other materials developed  
14 under this Agreement as follows:

15 **6.8.1.** CONTRACTOR shall hold and possess as the property of COUNTY all papers,  
16 books, files, correspondence and other records of all kinds which at any time shall  
17 come into its possession or under its control relating only to services performed  
18 by CONTRACTOR under this Agreement for a minimum period of five (5) years,  
19 or for any longer period required by law, from the date said papers came into the  
20 possession of CONTRACTOR pursuant to this Agreement.

21 **6.8.2.** Any records or documents required to be maintained by CONTRACTOR  
22 pursuant to this Agreement shall be made available to COUNTY for inspection or  
23 audit, at any time during CONTRACTOR's regular business hours provided  
24 COUNTY provides CONTRACTOR with seven (7) days advanced written or oral  
25 notice. Copies of such documents shall, at no cost to COUNTY, be provided to  
26 COUNTY for inspection at CONTRACTOR's address indicated for receipt of  
27 notices under this Agreement.

28 **6.8.3.** CONTRACTOR shall surrender all papers maintained by CONTRACTOR

pursuant to Subparagraph 6.8.1 of this Agreement within thirty (30) days of termination of this Agreement.

**6.8.4.** CONTRACTOR represents and warrants that it has not been engaged by, nor will it be engaged by and owes no duty of performance to any other person or entity that would constitute a conflict. For breach or violation of this warranty, COUNTY shall amongst other remedies at law, have the right to terminate this Agreement without liability, or at its sole discretion, to deduct from the Agreement price or consideration, or otherwise recover the full amount of such fee, commission, percentage brokerage fee, gift or contingent fee paid or received from another entity or person.

**6.9.** CONTRACTOR shall perform pursuant to this Agreement in accordance with and in full compliance with all applicable Federal, State and local statutes, rules, regulations and policies and procedures, regardless of whether they are expressly set forth in this Agreement. It is understood that in the event COUNTY is investigated or audited by any State or Federal governmental agency, or any other recognized investigative/auditing entity, CONTRACTOR shall fully cooperate with such agencies' reasonable and lawful request for information.

**7. TERM OF AGREEMENT.**

This Agreement shall commence on the date first written above and shall remain in effect until the services provided as outlined in Section 3, ("SCOPE OF WORK TO BE PERFORMED BY CONTRACTOR"), have been completed, unless otherwise terminated as provided for in this Agreement.

**8. COMPENSATION.**

The total compensation payable under this Agreement shall be in accordance with the item prices incorporated within the Proposal submitted by CONTRACTOR for labor, materials and all other services related to the performance of this Agreement, attached hereto as **Exhibit "B"** and incorporated herein as though fully set forth. The total compensation payable under this Agreement shall not exceed <<Compensation Amount>>

**9. PAYMENT AND RETENTION OF FUNDS.**

COUNTY shall pay CONTRACTOR for completed and approved services upon presentation and approval of its itemized billing, subject to the following.

**9.1. Retention.**

**9.1.1.** In accordance with Cal. Pub. Contract Code §§ 7201 and 9203, COUNTY shall generally retain five percent (5%) of the total compensation payable under this Agreement until the Work to be performed has been completed in accordance with this Agreement, as determined by COUNTY, and payment in full of all of CONTRACTOR's subcontractors has been certified.

**9.1.2.** The 5% retention amount may be exceeded if the COUNTY's Board of Supervisors has approved a finding, during a properly noticed and normally scheduled public hearing conducted either prior to or concurrent with authorizing this Project to go out to bid, that the Project is substantially complex and therefore requires a higher retention amount than 5%. Should the retention amount exceed 5% for this Project, then the actual retention amount will be listed in the Plans and Specifications, along with the findings justifying the increased retention amount.

**9.2. Substitution of Retention.**

**9.2.1.** CONTRACTOR may elect to substitute securities for any retention of funds by COUNTY to ensure performance under this Agreement. At the request and expense of CONTRACTOR, securities equivalent to the amount retained shall be deposited with the COUNTY, or with a state or federally chartered bank in this state as the escrow agent, who shall then return the securities to CONTRACTOR once the Work to be performed has been completed in accordance with this Agreement, as determined by COUNTY, and payment in full of all of CONTRACTOR's subcontractors has been certified.

**9.2.2.** Alternatively, CONTRACTOR may request and COUNTY shall make payment of retentions earned directly to the escrow agent at the expense of CONTRACTOR. CONTRACTOR, at its sole cost and expense, may direct the investment of the payments into securities, and CONTRACTOR shall receive the interest earned on

1 the investments upon the same terms provided for in this Section for securities  
2 deposited by CONTRACTOR. Once the Work to be performed has been  
3 completed in accordance with this Agreement, as determined by COUNTY, and  
4 payment in full of all of CONTRACTOR's subcontractors has been certified,  
5 CONTRACTOR shall receive from the escrow agent all securities, interest, and  
6 payments received by the escrow agent from COUNTY, pursuant to the terms of  
7 this Section.

8 **9.2.3.** Securities eligible for investment under this Section shall include those listed in Cal.  
9 Gov. Code § 16430, bank or savings and loan certificates of deposit, interest-bearing  
10 demand deposit accounts, standby letters of credit, or any other security mutually  
11 agreed to by COUNTY and CONTRACTOR. CONTRACTOR shall be the  
12 beneficial owner of any securities substituted for retained funds and shall receive  
13 any interest thereon.

14 **9.2.4.** Substitution of securities shall be conducted through an Escrow Agreement  
15 substantially similar to that found in Cal. Pub. Contract Code § 22300(f).

16 **9.2.5.** Notwithstanding any other provision in this Section, substitution of securities is  
17 prohibited where funding for the Project, in whole or in part, will be provided by  
18 the Farmers Home Administration of the United States Department of Agriculture  
19 pursuant to the Consolidated Farm and Rural Development Act (7 U.S.C. Sec. 1921  
20 et seq.), or where otherwise disallowed by federal law.

21 **10. METHOD OF PAYMENT.**

22 **10.1.** CONTRACTOR shall at any time prior to the fifteenth (15<sup>th</sup>) day of any month, submit  
23 to COUNTY's Director of Public Works or his/her designee, a complete and accurate  
24 written claim for compensation for services performed. The claim shall be in a format  
25 approved by COUNTY. COUNTY shall make no payment prior to the claims being  
26 approved in writing by the Director of Public Works or his/her designee.

27 **10.2.** After determining that the claim is a proper payment request, the Director of Public  
28 Works, or his/her designee, shall submit to COUNTY's Auditor/Controller undisputed

1 and properly submitted claims approved for payment within ten (10) days following the  
2 date the claim was submitted to his/her Department.

3 **10.3.** CONTRACTOR may expect to receive payment within a reasonable time thereafter and  
4 in any event in the normal course of business within thirty (30) days after the undisputed  
5 and properly submitted claim is submitted.

6 **10.4.** Any claim determined to be an improper payment request shall be returned to  
7 CONTRACTOR as soon as practicable, but not later than seven (7) days, after receipt with  
8 a written explanation as to why the claim is an improper request for payment.

9 **10.5.** In order for prompt payment to be made by COUNTY pursuant to Public Contract Code  
10 §20104.50, CONTRACTOR must properly fill out all written claims for compensation for  
11 services performed.

12 **10.6.** COUNTY shall pay interest at the legal rate set forth in Code of Civil Procedure §685.010  
13 in the event payment is not made within thirty (30) days of an undisputed properly submitted  
14 request.

15 **11. INDEMNIFICATION.**

16 **11.1.** CONTRACTOR agrees to the fullest extent permitted by law to indemnify, defend,  
17 protect and hold COUNTY and its representatives, officers, directors, designees,  
18 employees, agents, successors and assigns harmless from any and all claims, expenses,  
19 liabilities, causes of action, demands, losses, penalties, attorneys' fees and costs, in law  
20 or equity, of every kind and nature whatsoever arising out of or in connection with  
21 CONTRACTOR's negligent acts and omissions or willful misconduct under this  
22 Agreement ("Claims"), whether or not arising from the passive negligence of COUNTY,  
23 but does not include Claims that are finally determined to be the result of the sole  
24 negligence or willful misconduct of COUNTY.

25 **11.2.** CONTRACTOR agrees to defend with counsel acceptable to COUNTY, indemnify and  
26 hold COUNTY harmless from all Claims, including but not limited to:

27 **11.2.1.** Personal injury, including but not limited to bodily injury, emotional injury,  
28 sickness or disease or death to persons including but not limited to COUNTY's

1 representatives, officers, directors, designees, employees, agents, successors and  
2 assigns, subcontractors and other third parties and/or damage to property of  
3 anyone (including loss of use thereof) arising out of CONTRACTOR's negligent  
4 performance of, or willful misconduct surrounding, any of the terms contained in  
5 this Agreement, or anyone directly or indirectly employed by CONTRACTOR or  
6 anyone for whose acts CONTRACTOR may be liable;

7 **11.2.2.** Liability arising from injuries to CONTRACTOR and/or any of  
8 CONTRACTOR's employees or agents arising out of CONTRACTOR's  
9 negligent performance of, or willful misconduct surrounding, any of the terms  
10 contained in this Agreement, or anyone directly or indirectly employed by  
11 CONTRACTOR or anyone for whose acts CONTRACTOR may be liable;

12 **11.2.3.** Penalties imposed upon account of the violation of any law, order, citation, rule,  
13 regulation, standard, ordinance or statute caused by the negligent action or  
14 inaction, or willful misconduct of CONTRACTOR or anyone directly or  
15 indirectly employed by CONTRACTOR or anyone for whose acts  
16 CONTRACTOR may be liable, including but not limited to:

17 (a) Any loss of funding, penalties, fees, or other costs resulting from  
18 CONTRACTOR's failure to adhere to Disadvantaged Business Enterprise  
19 requirements and/or goals, as determined by COUNTY or such other  
20 lawful entity in charge of monitoring Disadvantaged Business Enterprise  
21 compliance;

22 (b) Any loss of funding, penalties, fees, or other costs resulting from  
23 CONTRACTOR's failure to adhere to prevailing wage requirements, as  
24 determined by COUNTY, the California Department of Industrial  
25 Relations, or such other lawful entity in charge of monitoring prevailing  
26 wage compliance;

27 **11.2.4.** Infringement of any patent rights which may be brought against COUNTY arising  
28 out of CONTRACTOR's work;

1 make any claim against any COUNTY fringe benefit program, including, but not limited  
2 to, COUNTY's pension plan, medical and health care plan, dental plan, life insurance  
3 plan, or any other type of benefit program, plan, or coverage designated for, provided to,  
4 or offered to COUNTY's employee.

5 **12.7.** COUNTY shall not withhold or pay, on behalf of CONTRACTOR, any Federal, State,  
6 or local tax, including, but not limited to, any personal income tax, owed by  
7 CONTRACTOR.

8 **12.8.** CONTRACTOR is, and at all times during the term of this Agreement shall represent and  
9 conduct itself as, an independent contractor, not an employee of COUNTY.

10 **12.9.** CONTRACTOR shall not have the authority, express or implied, to act on behalf of, bind  
11 or obligate COUNTY in any way without the written consent of COUNTY.

12 **13. INSURANCE.**

13 **13.1.** CONTRACTOR hereby agrees at its own cost and expense to procure and maintain,  
14 during the entire term of this Agreement and any extended term therefore, insurance in a  
15 sum acceptable to COUNTY and adequate to cover potential liabilities arising in  
16 connection with the performance of this Agreement and in any event not less than the  
17 minimum limit set forth in the "Minimum Insurance Amounts" attachment to the Plans  
18 and Specifications which are incorporated as if set forth fully herein.

19 **13.2. Special Insurance Requirements.** All insurance required shall:

20 **13.2.1.** Be procured from California admitted insurers (licensed to do business in  
21 California) with a current rating by Best's Key Rating Guide, acceptable to  
22 COUNTY. A rating of at least A-VII shall be acceptable to COUNTY; lesser  
23 ratings must be approved in writing by COUNTY.

24 **13.2.2.** Be primary coverage as respects COUNTY and any insurance or self-insurance  
25 maintained by COUNTY shall be in excess of CONTRACTOR's insurance  
26 coverage and shall not contribute to it.

27 **13.2.3.** Name COUNTY as an additional insured on all policies, except Workers'  
28 Compensation, and provide that COUNTY may recover for any loss suffered by

COUNTY by reason of CONTRACTOR's negligence.

**13.2.4.** State that it is primary insurance and regards COUNTY as an additional insured and contains a cross-liability or severability of interest clause.

**13.2.5.** Not be canceled, non-renewed or reduced in scope of coverage until after thirty (30) days written notice has been given to COUNTY. However, CONTRACTOR may not terminate such coverage until it provides COUNTY with proof that equal or better insurance has been secured and is in place. Cancellation or change without the prior written consent of COUNTY shall, at the option of COUNTY, be grounds for termination of this Agreement.

**13.2.6.** If this Agreement remains in effect more than one (1) year from the date of its original execution, COUNTY may, at its sole discretion, require an increase in the amount of liability insurance to the level then customary in similar COUNTY Agreements by giving sixty (60) days notice to CONTRACTOR.

**13.3. Additional Insurance Requirements.**

**13.3.1.** COUNTY is to be notified immediately of all insurance claims. COUNTY is also to be notified if any aggregate insurance limit is exceeded.

**13.3.2.** The comprehensive or commercial general liability shall contain a provision of endorsements stating that such insurance:

- (a) Includes contractual liability;
- (b) Does not contain any exclusions as to loss or damage to property caused by explosion or resulting from collapse of buildings or structures or damage to property underground, commonly referred to by insurers as the "XCU Hazards";
- (c) Does not contain a "pro rata" provision which looks to limit the insurer's liability to the total proportion that its policy limits bear to the total coverage available to the insured;
- (d) Does not contain an "excess only" clause which requires the exhaustion of other insurance prior to providing coverage;

- 1 (e) Does not contain an “escape clause” which extinguishes the insurer’s  
2 liability if the loss is covered by other insurance;  
3 (f) Includes COUNTY as an additional insured; and  
4 (g) States that it is primary insurance and regards COUNTY as an additional  
5 insured and contains a cross-liability or severability of interest clause.

6 **13.4. Deposit of Insurance Policy.** Promptly on issuance, reissuance, or renewal of any  
7 insurance policy required by this Agreement, CONTRACTOR shall, if requested by  
8 COUNTY, cause to be given to COUNTY satisfactory evidence that insurance policy  
9 premiums have been paid together with a duplicate copy of the policy or a certificate  
10 evidencing the policy and executed by the insurance company issuing the policy or its  
11 authorized agent.

12 **13.5. Certificates of Insurance.** Complete copies of certificates of insurance for all required  
13 coverages including additional insured endorsements shall be attached hereto as **Exhibit**  
14 **“C”** and incorporated herein as though fully set forth.

15 **13.6. Additional Insurance.** Nothing in this, or any other provision of this Agreement, shall be  
16 construed to preclude CONTRACTOR from obtaining and maintaining any additional  
17 insurance policies in addition to those required pursuant to this Agreement.

18 **14. WORKERS’ COMPENSATION CERTIFICATION.**

19 **14.1.** Prior to the commencement of work, CONTRACTOR shall sign and file with COUNTY  
20 the following certification: “I am aware of the provisions of California Labor Code  
21 §§3700 et seq. which require every employer to be insured against liability for workers’  
22 compensation or to undertake self-insurance in accordance with the provisions of that  
23 code, and I will comply with such provisions before commencing the performance of the  
24 work of this contract.”

25 **14.2.** This certification is included in this Agreement and signature of the Agreement shall  
26 constitute signing and filing of the certificate.

27 **14.3.** CONTRACTOR understands and agrees that any and all employees, regardless of hire  
28 date, shall be covered by Workers’ Compensation pursuant to statutory requirements

1 prior to beginning work on the Project.

2 **14.4.** If CONTRACTOR has no employees, initial here: \_\_\_\_\_.

3 **15. WARRANTY.**

4 **15.1. One Year Warranty.** CONTRACTOR agrees to provide a one-year warranty for all of its  
5 work and component parts and guarantees that all work shall be performed in a  
6 professional and workman-like manner and be free from defects. CONTRACTOR  
7 guarantees to timely correct all work performed by it under this Agreement which  
8 COUNTY determines to be defective in design, material and/or workmanship within a  
9 period of one (1) year from the date of the completion of the Work. The warranties set  
10 forth in this Agreement shall be in addition to, and not in lieu of, all other statutory and  
11 case law warranties and obligations of CONTRACTOR. CONTRACTOR expressly  
12 agrees that all warranties made by CONTRACTOR, all obligations under this Agreement  
13 and all remedies for breach of such warranties shall survive this Agreement in the event  
14 it is terminated or expires for any reason prior to the running of the full warranty periods  
15 listed above.

16 **15.2. Materials.** All materials furnished by CONTRACTOR shall be new, manufactured  
17 during the current year, of first quality and carrying full manufacturer's warranty.  
18 CONTRACTOR shall be responsible for any expiration of manufacturer or other  
19 warranties of material or equipment being supplied for this Agreement. CONTRACTOR  
20 guarantees that all warranties of material and equipment shall become effective when the  
21 project is accepted by COUNTY's Board of Supervisors, not at time of installation by  
22 CONTRACTOR.

23 **15.3. Manufacturers' Warranty Information.** CONTRACTOR agrees to promptly provide such  
24 information and maintenance recommendations to COUNTY at the inception of  
25 CONTRACTOR's work to the extent such information is reasonably available.

26 **16. DEFAULT AND REMEDIES.**

27 **16.1. Default.** In the event that (i) CONTRACTOR files a petition requesting relief under any  
28 bankruptcy act, or is adjudged as bankrupt, or makes a general assignment for the benefit

1 of creditors or has a receiver appointed on account of its insolvency, or (ii)  
2 CONTRACTOR refuses or is unable, for whatever reason, to supply enough properly  
3 skilled workers or proper materials to complete the Project, or (iii) CONTRACTOR fails  
4 to follow the directions of COUNTY, or (iv) CONTRACTOR fails to make prompt  
5 payment to its subcontractors and suppliers for materials or labor supplied or permits any  
6 lien to be imposed upon all or any portion of the Project, or (v) CONTRACTOR  
7 disregards any laws or orders of any public or private authority having jurisdiction over  
8 the Work or the Project, or (vi) CONTRACTOR fails to perform in accordance with any  
9 of the terms of this Agreement or breaches any provision of this Agreement, COUNTY  
10 may give notice of such failure or breach to CONTRACTOR, identifying the failure or  
11 breach of this Agreement. Should any such failure or breach continue for twenty-four  
12 (24) hours after delivery of notice without a good faith effort on the part of  
13 CONTRACTOR to commence all necessary corrective action, or should such a breach  
14 continue despite CONTRACTOR's efforts for forty-eight (48) hours, then at that time  
15 such failure shall be deemed a default by CONTRACTOR under this Agreement and  
16 COUNTY shall have all rights and remedies available at law or in equity, including the  
17 right to terminate this Agreement. Without limiting its rights and remedies, COUNTY  
18 may then proceed as follows:

19 **16.1.1.** Without terminating this Agreement or the obligations of CONTRACTOR  
20 hereunder as to all of the Work required to be performed or furnished by  
21 CONTRACTOR pursuant to this Agreement, COUNTY may require  
22 CONTRACTOR, at CONTRACTOR's expense, to cure such default(s) as may  
23 exist in the performance of CONTRACTOR's obligations hereunder within forty-  
24 eight (48) hours after such default(s) has/have occurred including but not limited  
25 to repairing, replacing and correcting material or Work determined by COUNTY  
26 to be defective or not complying with the requirements of this Agreement. Should  
27 CONTRACTOR fail to timely repair, replace and/or correct non-complying or  
28 defective materials and workmanship or otherwise cure its default(s) hereunder,

1 and in the case of emergencies in which case COUNTY may act immediately if  
2 CONTRACTOR is not available or is not responding, and without further notice,  
3 COUNTY may make required repairs, replacements and other corrections or  
4 otherwise remedy the default by CONTRACTOR pursuant to the subparagraph  
5 below.

6 **16.1.2.** Without terminating this Agreement or the obligations of CONTRACTOR  
7 hereunder as to all of the Work required to be performed or furnished by  
8 CONTRACTOR pursuant to this Agreement, COUNTY may engage another  
9 contractor to perform such portion of CONTRACTOR's Work required pursuant  
10 to this Agreement or furnish any materials or other items required hereunder as  
11 COUNTY in its sole discretion may deem necessary to avoid delay in the progress  
12 of the Work, and in connection therewith, COUNTY may perform such Work or  
13 any portion thereof itself or have the same performed by others and COUNTY  
14 may procure all necessary materials, equipment or other items required for the  
15 continued progress of such Work. The costs incurred by COUNTY as a result of  
16 engaging another contractor shall be deducted from the compensation payable  
17 pursuant to this Agreement and if COUNTY's costs exceed or may reasonably be  
18 anticipated to exceed the balance of the compensation due to CONTRACTOR for  
19 such work, such excess, or anticipated excess, shall be immediately due and owing  
20 from CONTRACTOR to COUNTY and may be withheld from any funds due to  
21 CONTRACTOR pursuant to this Agreement or any other agreement.

22 **16.1.3.** COUNTY may terminate CONTRACTOR's right to perform upon written notice  
23 and COUNTY shall then have the option of completing the Work or any portion  
24 thereof by exercise of its interest under the performance bond issued in favor by  
25 CONTRACTOR, or having such Work in whole or in part be completed by others  
26 for CONTRACTOR's account. A calculation shall take place at the conclusion  
27 of the Project wherein to the degree the sum of COUNTY's costs and any amounts  
28 paid to complete the Project exceed the compensation payable pursuant to this

1 Agreement, then any such excess shall be immediately due and owing from  
2 CONTRACTOR to COUNTY.

3 **16.2. Damages.** CONTRACTOR shall be liable for all damages suffered by COUNTY by  
4 reason of CONTRACTOR's default in any provision of this Agreement and the exercise  
5 of COUNTY of its option to terminate this Agreement shall not release CONTRACTOR  
6 of such liability. CONTRACTOR shall have no right to receive any further payment after  
7 a default has occurred until such time as the Work to be performed by CONTRACTOR  
8 pursuant hereto has been completed and accepted by COUNTY and damages suffered by  
9 COUNTY, if any, ascertained. Damages shall include by way of illustration, but not of  
10 exclusion, COUNTY's costs of completing the Work which exceeds the compensation  
11 payable pursuant to this Agreement, other general, liquidated, special or consequential  
12 damages, attorney fees and costs.

13 **16.3. Actions After Default.** Should COUNTY exercise any of its options, remedies or rights  
14 granted pursuant to the terms of this Agreement in the event of a default by  
15 CONTRACTOR, COUNTY at its sole election may, but shall not be obligated to, use  
16 any materials, supplies, tools or equipment on the work site which belong to  
17 CONTRACTOR to complete the Work required to be completed by CONTRACTOR,  
18 whether such work is completed by COUNTY or by others, and CONTRACTOR agrees  
19 that it shall not remove such materials, supplies, tools and equipment from the work site  
20 unless directed in writing by COUNTY to do so.

21 **16.4. Limit on Force Majeure Damages.** CONTRACTOR shall not be responsible for repairing  
22 or restoring damage to work caused by an act of God in excess of five (5) percent of the  
23 contract amount, provided that the work damaged is built in accordance with accepted  
24 and applicable building standards and the plans and specifications of COUNTY. In the  
25 event of such damage, COUNTY may, at its option, elect to terminate this Agreement.  
26 For purposes of this Agreement, an "act of God" shall be defined as an earthquake in  
27 excess of 3.5 on the Richter Scale and a tidal wave.

28 **16.5. Resolution of Claims.** COUNTY and CONTRACTOR agree to follow and comply with

1 the mediation, arbitration, claim, civil action procedure and trial de novo provisions set  
2 forth in California Public Contracts Code §§ 9204 and 20104 – 20104.6.

3 **16.6. No Limitation of Rights.** The options and rights granted to COUNTY herein shall not be  
4 deemed as limitations upon the other rights and remedies of COUNTY in the event of a  
5 failure of performance or breach by CONTRACTOR, and COUNTY shall be entitled to  
6 exercise the rights and remedies hereinabove specified and all other rights and remedies  
7 which may be provided in this Agreement or by law or in equity, either cumulatively or  
8 consecutively, and in such order as COUNTY in its sole discretion shall determine.

9 **17. NON-DISCRIMINATION.**

10 **17.1.** During the performance of this Agreement, CONTRACTOR and its subcontractors shall  
11 not unlawfully discriminate, harass or allow harassment against any employee or
