Public Works works for the Public

COUNTY OF IMPERIAL PUBLIC WORKS

Request for Proposals: Design Engineering and Preliminary Environmental Consulting Services for Gentry Road Bridge Replacement Project over Vail Canal; Bridge No. 58C0007; County Project No. 7229BRL

**ADDENDUM NO. 2**

**August 21, 2025**

This *ADDENDUM* is hereby made part of the Contract Documents and specifications to the same extent as if originally included therein, and shall be signed by the Bidder and included with the proposal.

1. Page 4, Section III – Scope of Work, states: “*The scope of work for both phases shall be in accordance with the Local Assistance Program Guidelines (LAPG) and Local Assistance Procedures Manual (LAPM).*” Since this project is not federally funded, can you confirm whether full conformance to LAPG and LAPM is required? Is there a potential for Federal funds to be used/procured during the construction phase which would require NEPA approval at this stage?

Conformance with Local Assistance Program Guidelines (LAPG) and Local Assistance Procedures Manual (LAPM) will be required, however federally funded procedures / requirements are to be omitted; these include but are not limited to: DBE requirements, right-of-way certification, and NEPA clearance. LAPG and LAPM shall be used for design guidance. All work and reports, studies and deliverables must meet Caltrans current road related standards, guidelines and policies. While the design procedures shall follow Caltrans design guidelines, the Caltrans District 11 office and Caltrans HQ will not be involved in the design or permitting process.

John A. Gay, P.E.  
Director of Public Works

**Acknowledgement of Addendum No. 2**

**The general contractor is responsible for advising any and all subcontractors of this change. Each bidder must acknowledge receipt of this addendum in the noted space below and where indicated on the Bidder’s Proposal Section of the Special Provisions. This Addendum must be attached to the proposal.**
