## COUNTY OF IMPERIAL PUBLIC WORKS

### Request for Proposals for As Needed Traffic Engineering Services; County Project No. 6685PWS

#### ADDENDUM NO. 1

**January 14, 2026**

This *ADDENDUM* is hereby made part of the Contract Documents and specifications to the same extent as if originally included therein, and shall be signed by the Bidder and included with the proposal.

*Question 1: For Item #4, these items may be applicable since this is for an On-Call Contract. Please confirm whether it is acceptable to submit a generic scope for this section, and whether the Timeline is applicable?*

Yes, it is acceptable to submit a generic scope of services, as this is an On-Call, As Needed Contract. The scope should describe the firms general approach, capabilities, and typical tasks anticipated under on call traffic engineering services.

The timeline is not project specific at this stage and may be addressed in a general manner. Specific schedules, milestones, and durations will be defined and negotiated on a task by task basis through individual Task Orders issued by the County. Each Task Order will include the project specific scope, schedule, and deliverables, along with the required timeframe for proposal submittal and completion.

**Item1** : Please be advised that the deadline for submission is extended from Monday, January 19, 2026 to Tuesday, January 27, 2026, for all methods of submittal.

**Item 2:** Please be advised that the County has added a separate PlanetBids upload link labeled "Cost Proposal". Proposers shall submit the Technical Proposal under the main upload and the cost proposal under the "Cost Proposal" upload link.
